

Inverness Before Railways (Classic Reprint)

Chapter I. THE MANNERS AND CUSTOMS OF OLD INVERNESS. HAT Inverness has greatly advanced in many ways, within the last thirty years, and is a much wealthier and much more important place than of old, admits of no denial. Whether there is as much genial intercourse amongst those in the same rank of life, and as much sympathy and freedom from rivalry between the various classes as characterised the old town long ago, is a question regarding which there may be a diversity of opinion. When those old Invernessians who have been for many years absent from their native town, return to visit it, they are impressed not so much by the numerous new streets and buildings, and the general appearance of activity and prosperity, as by the decay of the old families and the rise of new ones. (Typographical errors above are due to OCR software and don't occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.
