

Exercises in German Syntax and Composition for Advanced Students (Classic Reprint)

Excerpt from Exercises in German Syntax and Composition for Advanced Students A student having worked through these exercises carefully should find himself prepared to meet any grammatical difficulty which may arise in writing German, and, at the same time, should be master of a vocabulary which will put him in a position to read, write or talk on literary subjects. The exercises may be used in connection with any grammar. References have been given to several of those most commonly used in our schools and colleges; teachers may easily supply others, if needed.
